Course Code	PHYS8950 (RPG)					
Title	Postgraduate Seminar					
Offering Department	Physics					
Course Co-ordinator	Prof X D Cui Physics					
Course Co-ordinator Email	xdcui@hku.hk					
Teachers Involved	Name		Depar	tment	Perc	entage
	Various teachers department	in the	Physic	cs	100	
Course Objectives	This course aims to initi communication with an				d to dev	velop a capacity for
Course Contents & Topics	Students will be required to attend and take part normally in all the colloquiums and a specified number of seminars organized by Department of Physics. Students will be also required to follow a course of independent study on a topic to be selected in consultation with his/her supervisor, and to give a presentation of 30-40 mins duration.					
Course Learning Outcomes (CLO)	On successful completion of this course, students should be able to: CLO 1 understand basics in physics research, topic selection and scientific integrity CLO 2 learn the new development in different research areas of physics CLO 3 develop the basic skills in seminar presentation					
Pre-requisites (and Co- requisites and Impermissible combinations)	Nil
